"Boys in Service" Write Home to Thank Legion

Express Appreciation for Gifts of Money and for Antioch News

Many letters of heart-felt thanks are being received by the Antioch American Legion Post No. 748 from the boys in service to whom gifts of money were sent recently by the Legion.

"I received your letter and enclosed money order. I certainly thank you and appreciate it immensely. I am also receiving the Antioch paper... news from people back home is pleasing news to read. They have a sun visor and a sun dial here dated 1861; so you can see the camp is quite old. I was surprised to see the amount of fellows that are gone from Antioch already. I certainly was glad to hear about Johnnie Brogan and Bob Hughes. With the best of regards to all of you."

Pvt. Charles Florio,
Flight D,
20th School Squadron,
Jefferson Barracks, Mo.

"Dear Buddies—

"It is rather hard to explain just how we feel after receiving that swell letter and money order from the Antioch American Legion and thoughtful people at home. It puts a lump in our throats to know that we are thought of by the people at home and makes us very happy. We will carry on just where you left off 22 years ago. We also know we will win in the long run. Nothing can stop these fine fighting men of the U. S. army."

Corp. Bob Hallways,
Headquarters Co.,
108th Quartermaster Bui.,
Camp Forrest, Tenn.

"Thank you very much for the gift money order which I received from you yesterday. I deeply regret to say I have been missing the paper. Please inform the Antioch press of the new address. Thank you from the bottom of my heart, until I see Antioch again. Casting off."

Gerald Peter Mallmann,
Station Intelligence Office,
U. S. Naval Training Sta.,
Great Lakes, Illinois.

"Was Wise Decision"

"You made a wise decision when you decided to send money to the boys instead of gifts. We can buy what we (continued on page 5)

LOCAL VOTE FAVORS BROOKS AND PADDOCK

The local vote in Antioch, Precincts 1 and 2 was decidedly top-sided in favor of national candidates endorsed by the Lake county organization.

Heading the list of big vote-getters here was Senator C. Wayland Brooks who received 415 votes in Antioch 1, and 273 in Antioch 2.

Close to that vote was Cong. George Paddock with 324 in Antioch 1 and 174 in Antioch 2.

Of the state candidates William G. Stratton, son of the late William J. Stratton, for state treasurer, polled high with a total of 669 in the two precincts.

The two precincts favored Keller and Kelsey for state representative with a total of 933 for Keller and 686 for Kelsey.

For county judge the vote in Antioch 1 was 123 for Persons and 272 for Doolen, while in precinct 2 the judge polled 168 to Doolen's 74; Doolen carried the two precincts by 65 votes.

Decker for probate judge and Allen Nelson for probate clerk carried the township over Charles Mason and Warren Siver.

Walter Atkinson for sheriff received 661 votes and the total for his three opponents was only 80 votes.

Results of the voting in Precinct 3 were unavailable at the time of going to press.

VICTORIA BEAUTY SALON OPENS HERE

Mrs. Hedy A. Chinn has announced the opening this week of the Victoria Beauty Salon at 963 Victoria street, opposite the Bell Telephone office. The new salon will cater to all lines of beauty culture, according to the announcement, and capable operators will be in attendance.

Mr. and Mrs. Willard (Bill) Murphy have returned home after a month's vacation in Port Tampa City, Fla., the guests of Mrs. Murphy's brother and wife, Mr. and Mrs. Earl Floren. "Bill" is quite a fisherman, as he caught a 62-pound tarpon while there.

DUSHER ELECTED CIRCUIT JUDGE

Almost complete returns from Tuesday's balloting for circuit judge in the Seventeenth Judicial district indicated the election of William R. Dusher of Rockford over Lester F. Collins of Waukegan by better than a 3 to 1 majority.

The Seventeenth district includes the counties of Lake, McHenry, Boone and Winnebago. Judge Dusher will succeed the late Thomas E. Gill of Rockford. He will take office when he receives his commission from Springfield.

Dusher had organization support in the four counties of the district. He was a 10 to 1 favorite in Antioch township.

"Accent on Youth" Theme of Speakers at P. T. A. Meeting

Antioch Citizens Reveal Interest in Child Life; Officers Are Elected

Strictly all home talent was the program of the Antioch Grade School Parent-Teacher meeting held Monday night and it developed into one of the most interesting and instructive meetings of the entire year, according to those who attended.

Local speakers discussing the youth program from five viewpoints revealed conditions that are bound to be provocative of constructive effort in the future by those who have the welfare of the young at heart. Citations of advantages or lack of advantages were revealing in their frankness, and the addresses, incidentally, disclosed local talent that should be of value to the community.

Mrs. A. G. Simon who was elected president at the meeting, had for her subject "What the Home Can Do for the Child." Prin. E. W. Edwards of the Antioch High school discussed "What the School Offers Youth"; Rev. J. E. Charles, pastor of St. Ignatius Episcopal church, talked on the religious aspect of child training; William E. Brook, assistant cashier of the State Bank of Antioch, stressed the need of supervised play; and Miss Betty Lu Williams, assistant librarian for Antioch township, revealed proper reading habits of children.

Brook, in his address, stressed the need for a well planned physical recreation program including supervised play as a means of building the youth of the community into more perfect specimens both physically and mentally. Due to lack of adult supervision, Brook said, many facilities right at hand have been overlooked. As an example, he cited that while we have numerous lakes in the locality there are scores of young people who have never been taught to swim.

The musical part of the program was provided by the first and second grade rhythm bands.

Prin. R. E. Clabaugh introduced the speakers, and he declared the program was one of the best yet sponsored by the P. T. A.

Officers of the association for the coming year were elected as follows: President, Mrs. A. G. Simon, who succeeds Mrs. Arthur Trieger; vice president, Mrs. H. E. Hufendick, succeeding Mrs. Simon; secretary, Virgil Newlin, succeeding Miss Jeanne Casey; treasurer, Mrs. Lester Nelson, succeeding Mrs. L. Bauer; and historian, Mrs. Einar Petersen, who succeeds Mrs. Robert Wilton.

ANTIOCH F. F. A. STUDENTS APPOINTED AS INSECT SCOUTS

Chief Entomologist W. P. Flint of Illinois is taking no chances of any insect outbreak this year. He is going to rely on hundreds of vocational agriculture students throughout the state to report any unusual insect troubles. The state will then investigate further and take any action necessary.

Local Future Farmers who have been appointed insect scouts are: James Horton and Richard Wells on Route 173; Alan Thain of Millburn; Loren Seger, Loon Lake road; Robert Hughes, Bean Hill; Raymond Scott, east of Antioch; and William Messing, village of Antioch.

These students are all members of the Soils and crops class of the Antioch High School. They will report any dangerous insect outbreaks to their vocational agriculture instructor, C. L. Kuth, who in turn will report to the state entomologist after making a personal inspection.

Mrs. Thomas F. Hunt was hostess to a number of friends at luncheon and bridge party Wednesday.

Ralph Church Wins Over Cong. Paddock In Tenth District

Jack Bairstow Is Choice of Democrats over Alex. J. Moody

Almost complete returns in Tuesday's primary indicated the nomination of former congressman, Ralph E. Church over the incumbent, Cong. George A. Paddock, in the tenth district.

Returns from 585 of the 697 precincts gave Church 33,862, and Paddock 27,744.

Jack E. Bairstow, Waukegan attorney, was nominated by the Democrats over Alexander J. Moody of Chicago, in this tenth district which comprises all of Lake county and the northern part of Cook county.

Church resigned his representative post two years ago to campaign for United States senator, conducting his campaign from Washington by radio and mail. He did this, he declared, to maintain his record of missing no sessions of congress. He lost his senate bid to Senator C. Wayland Brooks, who was re-nominated Tuesday by a Republican vote of almost 5 to 1 over State Treasurer Warren Wright.

Kelsey Takes Lead In Assembly Race; Keller Also Winner

Koziol Crowds Rep. Tom Bolger for Democratic Nomination

For the first time in three campaigns Representative Nick Keller apparently has failed to receive high vote for re-nomination in the Eighth district. With only three precincts of the district missing, Rep. Harold D. Kelsey of Barrington held a 438 lead over Keller. The totals were: Kelsey, 26,888; Keller, 26,450. Both, however, were re-nominated over the runner-up, C. Russell Allen, McHenry county entrant, who ran up a total of 14,948 votes in his home county, 1,645 in Boone and 3,859 in 98 of the 101 precincts in Lake county. The nearly complete returns gave Allen a total of 20,452.

William J. Smith, former Waukegan publisher, received about 7,500 votes and Bruno Stanzak, the North Chicago entrant, 7,613, according to nearly complete returns. Also defeated was J. C. Pierce of Woodstock.

Bolger in Close Race

Nearly complete returns in the Democratic race showed that Rep. Thomas Bolger was dangerously near defeat by Walter Koziol of North Chicago when all but 19 precincts in the district revealed, the veteran Bolger hanging by a margin of 1,462 votes. The Lake county entrant held a lead of 3,686 to 3,137 in the county, but Bolger, running for his seventh term was ahead in McHenry and Boone counties by 1500 votes.

Persons Winner In Close Finish for Co. Judge

Veteran Jurist for Ninth Term on County Bench; Doolen Close Second

Providing the real thrill of Tuesday's primary election was the close finish between Perry L. Persons, incumbent county judge who has served on the bench for 32 years, and Paul Doolen, with the veteran jurist indicated as the winner after 97 of the 101 Lake county precincts had reported a total of 9,384 for Persons, 8,932 for Doolen and 2,530 for Herman C. Litchfield.

The lead during the night as returns came in shifted many times between Persons and Doolen and it was not until 2 a. m. that Persons' lead was definitely established.

The primary totals indicate that Persons would have lost in a two-man race.

Atkinson Winner for Sheriff
The easiest victory in the Republican primary was that of Walter L. Atkinson who achieved a 3 to 1 victory over the combined vote of his three opponents.

Judge Martin C. Decker, 20 years on the probate bench, won nearly 2 to 1 over former state's attorney, Charles E. Mason, according to the count in 95 precincts which gave Decker 12,940 votes to Mason's 6,699. In the November election Decker will be opposed by Robert P. Sullivan, the Democratic candidate who was nominated without opposition.

Probate Clerk Allen J. Nelson was a 2 to 1 winner over Warren G. Siver. Nelson will be opposed in the November election by Charles Cerniak, Jr., the Democratic nominee.

Jay B. Morse, county clerk, was re-nominated without opposition for that office and he will be opposed in the November election by Ivan R. Harlow, the Democratic nominee who had no opposition in the primary.

County Superintendent of Schools W. C. Petty likewise had no opposition for re-nomination. His November opponent will be Henry C. Eads. For county treasurer Gustaf H. Fredbeck, Republican, and Anton Macrowski, Democrat, were nominated without opposition.

Pregrenzer Wins Precinct Job

Louis Pregrenzer for precinct committeeman in Antioch 1 was victor over Edward J. Flanagan, 237 to 204. James Stearns was re-elected in precinct 2 and Arthur Gardner was winner in Antioch 3. Democratic committeemen elected in the township were: Antioch 1, Paul Chase; Precinct 2, Charles Cerniak, Jr.; precinct 3, Thomas P. Mulligan.

In Lake Villa township, Republican, County Chairman William M. Marks was re-elected committeeman, while the Democrats named Edward Gelden.

Annual Festival of Music Planned by Grade School

Cast of 200 Pupils Will Have Part in Event on April 24

Bands, choruses, glee clubs, dances and dramatizations of historical events will be featured in the annual Music Festival to be held in the Antioch High school auditorium on Friday evening, April 24, at 8:00 o'clock under the sponsorship of the grade school with over 200 pupils taking part from the kindergarten to the eighth grade pupils.

In former years the events have been outstanding successes, revealing considerable talent of the youngsters in music, dancing and dramatics. One of the most interesting groups is the rhythm band made up of first and second grade pupils. The tonette band has slightly older members, but the dance numbers comprise all ages in the school. There will be folk songs, and choruses, and several historical events will be dramatized by pupils showing special talent in this feature of the entertainment.

Firemen Purchase New Smoke Mask

The Antioch Fire department has bought a new smoke mask as an added protection for firemen. The mask is the latest device of the kind; it carries an oxygen tank, and when wearing it a man may remain in dense smoke, or even under water, for more than an hour.

LANDSLIDE WINNER

SEN. C. WAYLAND BROOKS

Winner in Tuesday's contest, 5 to 1 over all opponents for Republican nomination.

A. Maplethorpe Is Retained as School Board President

Fred Scott and E. H. Glenn Elected Board Members Saturday

Arthur Maplethorpe was again chosen to head the Antioch High School board of education for the fourth time at the organization meeting of the board held last night. Mrs. Helen Osmond was again named secretary.

President Maplethorpe is now serving his second three-year term on the board. He was first chosen president following the election in 1939. Mrs. Osmond likewise has served for several years as board member and secretary.

Elect Scott and Glenn

A comparatively light vote in Saturday's election resulted in the naming of Fred Scott and Ernest H. Glenn as new board members over Paul Chase, incumbent, who was elected three years ago and who was a candidate for re-election. Scott received 194 votes, Glenn 171, and Chase 97. Only 269 persons voted. In the 1939 election 937 votes were cast.

Walter Hills was re-elected in the 1941 election without opposition.

The high school board has five members and the president and secretary are chosen at the organization meeting following the annual election.

Light Vote at Grade School
Twenty-eight votes were cast at the Antioch grade school election also held Saturday afternoon. Returned to office as board member was Mrs. Myrtle Klass, secretary, and Mrs. Ida May Kufalk was elected president after having served for two terms as board member. She succeeds Robert J. Wilton.

The only new member of the board is Adolph G. Simon, elected Saturday for the first time.

Other members are Roy Burdick, Henry Reintner and Mrs. Helen Patterson.

Organization of the board will be effected Friday night when a secretary will be chosen and the hiring of teachers for next year will be under consideration. It is understood that contracts will be tendered to the entire personnel of the present teaching staff, as none have intimated that they expect to leave the local school.

E. W. Edwards who has been acting principal in the absence of L. J. O. Austin since the latter entered the naval aviation service some weeks ago, has been retained as principal for the ensuing year.

In Lake Villa B. J. Hooper was winner over Kaurin Karolius for the single vacancy on the board of education.

Camp Fire Trip Is Planned for Antioch Scouts

"Tenderfoot" Members Will Try for 2nd Class Rating Monday Evening

Under the leadership of Scoutmaster Frank Lux, nine "tenderfoot" Boy Scouts of Troop 92, Monday evening will be conducted on a camp fire trip and will participate in tests that are expected to earn for them the rating of 2nd class Scouts. The hike to some unannounced destination will start at 6:00 p. m.

As a part of the routine tests the boys will be required to make a fire using not over two matches, and will cook potatoes and a quarter pound of meat without the use of any utensil.

Antioch Board Boosts Tavern License Fees

Billiards, Bowling, and Pin Ball Machines Also Hiked

NIGHT POLICE MAY 1

Increased revenue of \$450 to \$500 for the village of Antioch during the next fiscal year beginning May first was made possible Tuesday night at the special meeting of the trustees when tavern licenses, billiard, bowling and pinball licenses were increased by unanimous vote.

Taverns and package liquor stores were hit heaviest with a 50 dollar hike over the previous annual fee. Taverns will now pay \$350, and liquor stores \$200 instead of \$150, as heretofore. Restaurant and hotel licenses for beer to be served at tables remains at \$250, and liquor license for drug stores also was not changed in the new ordinance, that fee remaining at \$100.

Licenses for billiard tables and bowling alleys were raised from \$5.00 to \$7.50, and pinball machines were given a ten dollar boost over the \$50 fee that has been collected in the past from these so-called "games of skill."

No Refund, No Rebate

The legality of pinball machines has been a matter of controversy for several years and some municipalities have removed them where adverse court rulings have been handed down. Many localities commence them because they provide a source of revenue when forced to pay a license. However, a court ruling at any time might cause such machines to cease operation. If that happens here, Antioch is all set, as once the license fee is paid "There shall be no rebate or refund of any license," so states the ordinance. And it further states that "such license shall not authorize the operation of any automatic pay-off machine or device." That means slot machines; the "one-armed bandits" however, have been doing fairly well in Lake county without licenses.

An increase of \$35.00 in license fees for movie houses also becomes effective May 1, when local theatres will have to pay \$85.00 a year, instead of \$50.00 as heretofore.

New Revenues Needed

Several increases in the cost of maintaining the village's services, as well as new items of expense necessitate additional revenue, according to Mayor George B. Bartlett and the trustees. For one thing all night light service has increased electric bills; and water bills, too, have increased, the trustees declare to be imperative, is night police. Antioch has become the gathering place for those who seek all night entertainment and some visitors are said not to be of the desirable kind. Many small acts of vandalism and malicious mischief occur almost nightly, officials say. Appeals have been made upon several occasions to the Lake county sheriff's office, but it is impossible for county patrolmen to maintain an all night vigil in Antioch.

Peterson, Night Policeman

A new police car is to be purchased by the village, and starting May 1, Fred Peterson, superintendent of streets, will take over the job of night police. He will be relieved of his day duties by Sheridan Burnette.

Another item of considerable expense in the offing is the sinking of a pump water well, the installation of new water and water mains, far removed from the present municipal plant to serve the community in emergency. This is the recommendation of the National Defense Council. It has been pointed out that Antioch's water plant would be an easy target for air raiders and that anything might happen in war time. The failure of the town's water supply would be a calamity.

Mortensen Restaurant Sold to Phillip Fortin

Mr. and Mrs. Phillip Fortin of Waukegan have purchased the Mortensen restaurant from Mr. and Mrs. Chris Mortensen, and Mr. Fortin took charge of the popular Antioch dining place this morning.

Fortin, an experienced restaurant man, says he contemplates no change in the manner of conducting the business and that it will be run as usual under the name "Mrs. Mortensen's Restaurant."

Mrs. Mortensen, who has been in charge of the business, expressed herself as being very grateful to the public for the patronage received during the period of her management of the restaurant during the past two years.

The Day of the Substitute

For want of a nail a nation was lost! You remember—the want of a nail caused loss of a horseshoe, then the horse, the general, the battle and finally the nation. All U. S. industry is united today to see that no "nail" is wanting to win this battle.

Many of our sources of supply have been cut off—many vitally needed "nails" of production are difficult to get, and without some of these materials it might seem as if certain "horseshoes" would be impossible. But industry and science are developing substitutes for these "missing materials" as they disappear from the market. This is the day of the substitute, and in many cases the substitute may be coming to stay.

Metals—the backbone of America—metals for planes, for tanks, for ships, for ammunition. The mad scramble for materials to replace metals is giving plastics the greatest opportunity they have ever had to prove their industrial worth. There are plastics which are tougher than steel yet weigh but half as much.

Wool for our army—at the very time when the country needs it most to outfit a victory army with uniforms, blankets, and many other necessities a shortage of raw wool seems imminent, but industry is coming to the front with all sorts of substitutes.

Parachute troops in the United States need no longer depend on Japan for silk, and the Army may soon

be marching on composition soles, which wear better than leather.

These are only a few of the many products American industry is lining up for the future. Substitutes so that we can be independent of many articles that we used to import. Substitutes because there is one thing for which we know no substitute—our Democracy and American way of life!

"All for One . . ."

"United we stand!" That's the real spirit of America today. Behind the headlines and the hurly-burly of a giant nation gearing itself to war there's a new feeling of unity.

You've noticed it yourself. People are sharing their cars; they're lending their neighbors articles that can't be bought any longer in the stores; they're helping each other in many little ways—but little ways that count. Just as real trouble brings a family closer together, so it unites a nation.

According to the news stories, this same all-for-one feeling extends to our war factories, too. Great industries are pulling together to speed their output of victory goods. One manufacturer who had already changed over his plant for war work helped a rival firm to make a similar shift, lending out his expensive plans and factory specifications for the rival job. Another company helped to train workers for a new airplane plant. Tin can manufacturers have pooled their brains and experience to work out the best tin-saving devices; several of their once-guarded manufacturing secrets came out in the process.

As a matter of fact, many industries have shared designs and patents essential to victory production. Like the rest of the country, they're working hard and working together. And they're producing results, for today ships and other materials are being finished on schedule and sometimes months ahead of schedule.

Good Neighbors!

Conserving vital materials for the big job of winning the war has necessitated certain Government restrictions on telephone equipment. This will have little effect on present subscribers, but extension telephones and replacement of present instruments will not be possible. In some cases, we may have to offer only party line service in the home. Naturally, we would like to provide individual service to all who request it, but with copper, nickel, lead, steel, zinc and rubber essential for America's "all-out" effort, we cannot get sufficient new equipment for all civilian installations, and have to stretch existing facilities just as far as they will reach. Whether it's a party or individual line, you get the same good, fast telephone service. But a party line requires thoughtful consideration of the neighbor who shares it with you. By using your telephone as often as you wish, but by giving the other fellow a "break," we Americans will still have the best telephone service in the world. BUY BONDS! BUY STAMPS!

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

GROWING TENSION WITH FALSE LEADERS

LESSON TEXT—Luke 11:37-48, 52-54.
GOLDEN TEXT—He that is not with me is against me; and he that gathereth not with me scattereth.—Luke 11:23.

Opposition to Christ and to Christian teaching has come down through the centuries practically unchanged. Hence, we find in Christ's dealings with the enemies of His day helpful indication of what may be done in our time.

It is sad to note that the chief opposition came from those who professed to be religious leaders. It is expected that the world, the flesh, and the devil should fight God's truth, but one might expect better of those who profess His name. The difficulty is that there is only profession, with no real life.

I. Hypocrisy Unmasked (vv. 37-44).

The Pharisees professed great interest in the observance of religious laws, but their concern was for the outward appearance, while God judges the heart. First we note a false profession of cleanliness. Christ came to the Pharisees' table with clean hands, but He had not observed all their ceremonial washings. When rebuked He struck home with terrific force at the heart of the whole matter (v. 39); namely, that inward filthiness of heart which often makes folk meticulous about outward cleansing. This leads to a substitution of technical observance of the letter of the law that ignores love and judgment (v. 42), which are so precious to God. There can be a dead, dry, and technical orthodoxy which entirely misses the point.

But worst of all is the covering up of spiritual death (v. 44). Sometimes we speak of those who are "dead and don't know it," and that may actually be true spiritually. There may be death within and yet a brave and sometimes self-deluding outward show of life.

II. Theological Deadness Condemned (vv. 45-52).

The lawyers of that day were those learned in the Mosaic law, hence were really the teachers of theology and ethics. They came under the rebuke of Christ as He pronounced three "woes" upon them. First, they were guilty of heaping upon others burdensome requirements which they did not themselves keep, and which they did not help the people to keep. There are such teachers today who set up standards they do not themselves observe, a sort of signpost pointing the right way, while they are not themselves going that way. Then there are those who present high ethical standards without the spiritual dynamic needed to live up to them. To tell a man to be good without telling him of the Saviour who can make him good is mockery.

Then, those of Christ's day were condemned for hating God's witnesses. They were willing to build sepulchers for the dead prophets (killed by their fathers), but were not willing to hear the living prophets. How true to life that is! The very ones who hate and hinder those who are preaching God's Word, speak and sing smoothly of the faith of our fathers, and claim as their own the witness of a past day. Christ also pointed out that while professing to interpret the law they obscured its meaning. They threw away the key to knowledge so that neither they nor their people could learn—and yet they continued to teach. Have not the false teachers of our day done likewise? They deny the integrity and authority of the only infallible Word—the Bible; they reject the deity of our Saviour, Christ, and yet they talk about being Christians and preachers of the truth. Woe be unto them in the day of God's judgment and wrath!

What happens when such men are condemned or unmasked? We find—

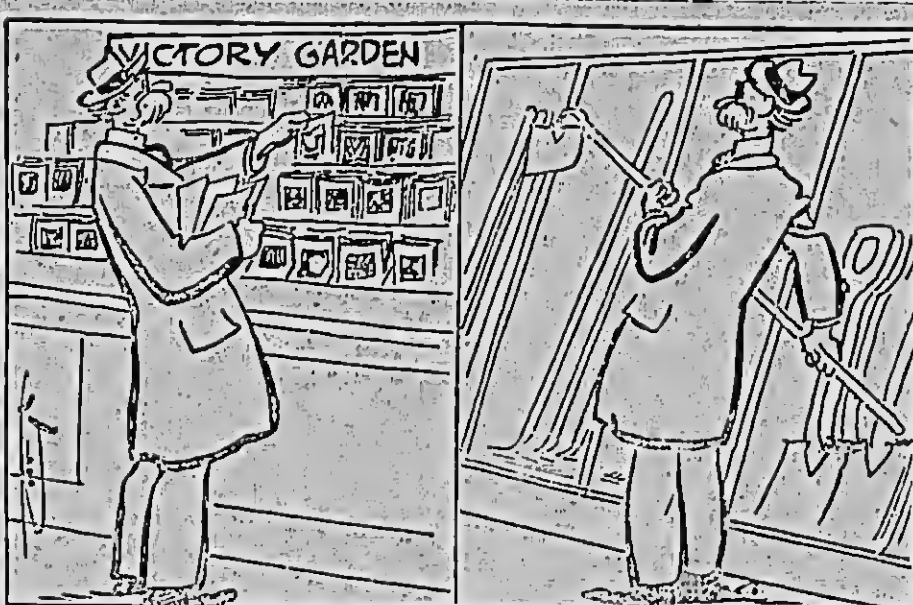

III. Enmity Intensified (vv. 53, 54).

The scribes and Pharisees had two approaches: they sought vehemently to provoke Him to overspeak, and they craftily laid in wait for Him. The writer of these notes has seen both methods at work in our day. Liberals, or modernists as they are called, profess for the most part to a suave courtesy which makes them speak smoothly and gently about the conservative and orthodox believer or teacher; but if one only has eyes to see, there is often the strong and cruel hand of iron hidden under the velvet glove.

Whatever may be the approach, be assured of this—every effort to reveal false teaching in its true light, or to deal with hypocrisy in spiritual things will bring intensified opposition. Christ took it—He too can take it in His name and for His sake.

Praise the Lord

"I will greatly praise the Lord with my mouth; yet I will praise Him among the multitude. For He shall stand at the right hand of the poor, to save him from those who condemn his soul."—Psalm 109:30-31.

Eighteen whippets or "baby tanks" which Uncle Sam was making when the armistice was signed arrived in Chicago last Friday for use in the coming Victory Loan campaign. They were given an initial try-out along the lake front and will be kept in storage until the campaign opens. Each whippet was to carry a crew of a

gunner and a driver. Two 37-millimeter guns make up the armament.

Peace is near, according to a statement made by President Wilson, and the German plenipotentiaries have been invited to meet at Versailles on April 25.

Ray Kerr of Lake Villa arrived home from Camp Grant last Friday evening and was met at the train by a good delegation of friends.

"Easter gladness"

"Let us sing of Easter gladness
That rejoices every day,
Sing of hope and faith uplifted;
Love has rolled the stone away."

Is not the true message of Easter one of gladness? The dolly remembrance of that first Easter Day will uplift hope and faith to rehearse this message of man's immortality, rekindling in men's hearts the spirit of "Easter gladness."

Jesus of Nazareth fulfilled his Christ-like mission among men. He brought practical proof of the efficacy of uplifted faith, and he answered that age-old question of all men: "Is man immortal and life eternal?" Every act in his earthly ministry became a living text, restating afresh the basic message of the Christ (John 10:30), "I and my Father are one."

His mighty works continued to inspire the hearts of men, to resurrect all mankind from earth-bound theories and beliefs. Not only did Christ Jesus raise the dead, but he also brought renewed life to those who were buried in mortal thinking. For to believe that man is mortal, man-made, sinful, sick, dying, is to seem to be so, while to behold man as deathless, spiritual, Godlike, is to experience resurrection. The "I" to which Jesus continually referred is the divine nature eternally expressed in man, the Christlikeness or scientific relationship which forever exists between God and His idea.

In "Miscellaneous Writings" Mary Baker Eddy writes (p. 151), "It is the purpose of divine Love to resurrect the understanding, and the kingdom of God, the reign of harmony already within us." What a glorious Easter Day dawn when we discern the true resurrection—"the reign of harmony already within us!"

The world today appears dreary and dark for many. Never before has there been a more urgent need for "Easter gladness" within the hearts of mankind.

What if the evidence of the senses points to helplessness, futility, defeat, frustration! Those were the same arguments repeated centuries ago, when he who was known to the world as Jesus of Nazareth was in a tomb working out for all the world the truth of man's immortality. Angels were to roll away the stone from before that tomb and Christ Jesus was to step forth, a living answer to the argument of mortality, to the world's fear, ignorance, and sin.

Speaking of "our angelic messengers" in a marginal note, Mrs. Eddy states on page 239 of the Christian Science textbook, "Science and Health with Key to the Scriptures": "My angels are exalted thoughts, appearing at the door of some sepulchre, in which human belief has buried its fondest earthly hopes. With white fingers they point upward to a new and glorified trust, to higher ideals of life and its joys." Unnumbered men and women throughout the world have been delivered from entombment in the carnal mind sepulchers of fear, ignorance, and sin. "Exalted thoughts" of God's presence and omnipotence have rolled away those stones of false belief, uplifting hope and faith to behold man's oneness with God.

These tenderly Jesus reassured his disciples of the eternal relationship between God and man when he said (John 1:2), "I go to prepare a place for you." He was assuring them of the certainty of resurrection and ascension for all who follow in his footsteps, however dark the human way may seem. Their hearts must have quivered: "Where is our beloved Teacher going? To what place?" Those questions were to remain unanswered for a time, but the promise he gave brought them comfort; many times angels were to deliver them and they were to prove for themselves something of "Easter gladness."

Jesus' disciples had to learn, as all must likewise do, that the ascension of Christ Jesus did not consist of the one moment when he passed from their sight. On his ascending thoughts they must learn to model their own, in the spirit of Truth and Love, which the Christ expresses, there remains forever that which prepares men's hearts for acceptance of the kingdom of God within, for acknowledgment of their place in the "Father's house." This is the eternal benediction, "I go to prepare a place for you." Our recognition of the meaning of these words gives us something of the true gladness of Easter. —The Christian Science Monitor.

Boys in Service....

(continued from page 1)
need much cheaper than you can. It also saves you the trouble of buying and mailing. I also want to thank you for sending the list of names of all the Antioch boys who are now in the service. I find many names on the list of boys I went to school with. Greetings and best wishes to all my Antioch friends. United We Stand. ... One of the boys—

Pvt. Peter A. Maroz,
QMC 801st Co.
Scott Field,
Belleville, Illinois.

"I want to thank you for the thoughtfulness of your attention. I appreciate it, as all the rest of us in the service of the U. S. Army and other branches of the service do. We have a great deal to live up to in the actions of the men in the last conflict. To carry on and do our best is our duty. When a little over a year ago, we were inducted into federal service for a period of one year's active duty, we realized then that it would be longer. And we intend it to be for as long as we are needed."

Pvt. 1st Class Wilson King
108 Q.M. Hq. Co. Bn.
Camp Forrest, Tenn.
"I have been receiving the Antioch News each week and do appreciate the paper. I have come to look forward to its arrival and the goings on around town. ... The Rotary Club entertained some of the fellows at a dinner at the Ojoway Hotel. The boys really enjoyed that meal. BELIEVE ME, also the entertainment. The Red Cross has done very good work as we travel from one place to another. People in this town are mostly French Canadian and very cordial. ... Will send along a Sault Ste. Marie paper, you can get a good idea of what this town is like. ... Thanks again and keep up the good work. We'll do our best on this end. Best regards to the Antioch Legion post, continued success to the Antioch News."

Corp. Norton Bassett,
Hq. Det. 3rd Inf.
131st Infantry,
Ft. Brady, Mich.

"I am proud and glad to know that Legionnaires and good people of Antioch think so much of the boys in the service. We receive the Antioch News every week and we really appreciate it very much, because every soldier thinks his home town is the best. I want to thank each and every one of you for the contributions you have made. Goodbye and Good Luck."

Pvt. George John Williams,
9th Repair Squadron,
Duncan Field,
San Antonio, Texas

"It is nice to know that the folks back home are giving the men in service their support, making it easier for them to be away from their friends and family. It is always nice to get the home newspaper also, and find out what is going on at home. ... All the home folks and the American Legion who co-operated in sending these letters of encouragement and treats have my wholehearted and sincere thanks."

Harold D. Gaston,
Printer, 3rd Class,
U. S. S. Seattle,
Box 16, 52nd St.,
New York City, N. Y.

"We paraded in Oswego for Army Day, April 4th. It was rather a warm day. ... I have been promoted from private to private first class. ... I am awfully glad to get the paper, and hope it will keep coming."

Joseph Rausch
Hq. Co. 1212 S. U.
Fort Ontario,
Oswego, N. Y.

"This Was a Real Surprise!
Enclosed is the money order sent to me by your post. I appreciate the donation and my name is George Hawkins, 318th School Sq., Sheppard Field, Texas, but I am not from Antioch, Ill. If the names are mixed, I hope that you find the right man. Keep up the good work and remember our country comes first. Your Buddy, Geo. C. Hawkins ASN. 35128856."

(Ed. Note—Pvt. George O. Hawkins of Antioch, formerly stationed at 318 S. S. Sheppard Field, Wichita Falls, Texas, is now at U. C. Training Detachment, Co. G, Tent City, Dallas Northern Field, Tucson, Ariz. His gift is being forwarded to him. ... Wonder if the two boys will meet up with each other some time?)

Mr. and Mrs. Henry Tape, Lorraine and Earl Tape, and Miss Lois Voss returned Tuesday evening from a trip to Camp Crowder, Mo., where they visited Private Henry Tape. Private Tape sends best wishes to all his friends in Antioch, they state.

"It's a small world," writes Russell Hunter, 1st class, of Corona, Calif., to relatives here after he had met and visited in the home of Mr. and Mrs. William Overton at Claremont, Calif., while on leave from his duties at the U. S. Naval hospital at Corona.

News, nine weeks old, but it's still news to Armand. That's what Pvt. Armand Dalgard wrote the Antioch News this week from the Hawaiian Islands. He had just received nine copies of the News. "It surely seems good to read the home town paper again even if it is a little late," was his comment. There have been a couple of air raid alarms over the islands, Dalgard writes, there were a few bombs dropped, but little damage was done. ... Armand is battery bugler, and he says he gets quite a kick out of getting the boys up in the morning, and they call him a lot of names, but he thinks they all like to hear the bugle, just the same. Armand says he has been changed around quite a bit on different jobs—maybe

Seniors Present Masterful Drama as Year's Final

Grads Are Realistic in Presentation of Difficult Play

(By Rose Marie Zellhofer)

With the close of the curtains on "Moonshine and Honeysuckle" Friday night the senior class has left its four years in Dramatics well-ended. "Moonshine and Honeysuckle" was the most difficult play attempted by a senior class here in 8 years. The native characterizations were so realistic that they thought they were back in the mountains of their home state.

Jini Jones and Dave DuPre handled the parts of Clem Betts, the young mountaineer who sought to bring peace to the hollow, with intelligence, Cracker, portrayed by Mildred, Dow and Catherine Quigley, was exceptionally well-acted. Jiney, played by Shirley Wells and Sybil Johnson, in the quaint 1880 costumes kept the audience in a constant state of merriment. Bert Jordan's and Eddie Ruschewski's interpretations of the Jewish peddler, although entirely different, were enjoyed throughout the play by the audience. Pinky Freeze, played by Dean Weber and Bill White, kept the audience in a state of laughter with his love-lorn manner. Edwin Jones and Ray Quendenfeld, representing the feuding Peg-Leg, delighted the audience with their solemn, though humorous role. Albert Smith, playing the part of Bevins both nights, portrayed a feuding hillbilly realistically. Gypsy Carter, the wandering gypsy girl who really stopped the feud, played by Jennie Nevelier and Joan Miller, captivated the hearts of the audience. Alice Denman and Dorothy Nedbal, who took the part of Mrs. Betts, and Leo Buchta and Bob Gross, who took the part of Mr. Betts, portrayed the characters differently, but with good results.

Margaret DeBaets and Patricia Decker convincingly enacted the part of Annie, who loved Buck, played by Ralph Gussarson and Art Carpenter.

The scenery and lighting were very effective. The mountain cabin, old-fashioned well and colorful yard seemed as if the hill country had actually been transplanted to the stage. Much of the credit for the plays must be given to Mrs. Marguerite K. Phillips, director.

Sequoit Boxing Show Packed With Thrills and "Shiners"

Amateur Tourney Closes Wednesday Night with Good Attendance

(By Rose Marie Zellhofer)

The boxing tournament held annually at Antioch Township High school came to a close Wednesday night with 3 draws, 3 technical knockouts, 12 decisions, and black eyes scattered plentifully among the participants.

Tuesday night Howard Nevitt and Wesley Reeves, grade school students, took the ring first, with Nevitt winning by a decision.

The most exciting of all the light-weight fights was Tom Brett and James Morton. Brett was the victor by a decision after fast moving by both contestants. Don Gaa won over Raymond Scott by a technical knockout, as did John Radtke over Arnold Bolton and Robert Bennett over Dick Schen. Don Hutchinson's experience won him the bout with Leonard Roblin. A decision gave the fight with Robert Hughes to Duke Morris. The only draw Tuesday night was the fight between Don Bauer and Earl Talley, which was fought again Wednesday night with Bauer winning by a decision.

Wednesday night's middleweight draw between James Roepack and Carl Brixen kept the spectators on their toes as both were evenly matched and in good condition. "Simmy" Klass' experience gave him the decision over Freshman James Horton. Sophomore Bob Ellis triumphed over Junior Lyle Teichert in a "slugging" match.

Leo Buchta received rough treatment in his fight with winner Ed Jones. Howard Atwood battled Milton Smith, winning by a decision.

"Heavy" Louis Nielsen, never using his right hand, lost in the decision fight with Robert Edwards. Stuart Good lost in a close fight to Tom Decker, as did Stephen Ryzko to Lawrence Seger. Joe Nader and Richard Stastney ended the boxing tournament with a draw in a close, fast moving fight.

The "comic" fight of Wednesday evening was put on by little Danny Lightsey, Jr., who came down from the bleachers and told the coach he wanted someone to fight; so Bert (Stubby) Jordan took him on. Little Danny hit Bert and finally Bert was "knocked out" and the boys carried him out.

Baked Potatoes Do Right by Supper
(See Recipes Below)

Supper Social

The simple suppers at which a crowd gathers are pleasant for their warm friendliness, for the cozy talk which they inspire. They are especially easy to give if you plan to have each of your friends bring a dish for the supper—a pot luck, as it were. This will save each woman the time and effort of making a whole meal, and then you will all be together for knitting, sewing or defense work on the calendar for the evening.

An assortment of attractive main dishes are usually received with enthusiasm. Try these for enchanting appetites:

*Russel Half Shells. (Serves 8)

- 6 medium-sized Idaho bakers
- 1/2 cup hot milk
- 2 tablespoons butter
- Salt and pepper to taste
- 1 large onion, chopped and cooked in butter until tender
- 12 small pork sausages

Scrub and bake potatoes at 400 to 450 degrees. Remove piece of skin from top of potato, or cut large potatoes lengthwise in two. Scrape out inside being careful not to break the shell. Mash thoroughly, or put through a potato ricer. Add butter, salt, pepper, milk and cooked onion. Beat well. Pile mixture lightly into shells, top with two small pork sausages that have been partially cooked (boiled in a small amount of water). Return to oven and bake at 350 degrees until sausages are cooked through and browned.

If you want to provide everything for your pot-luck supper from individuals except the main dish, here is one that will fill the bill perfectly. Simple to put together and as colorful as it sounds, the salmon loaf doesn't need much watching if you are busy with other things:

Salmon Loaf. (Serves 25)

- 4 cans salmon
- 1 quart fresh bread crumbs
- 3 cups diced celery
- 2 ounces butter
- 3/4 teaspoon salt
- 1/2 teaspoon pepper
- 1 teaspoon onion juice
- 1 teaspoon lemon juice
- 8 eggs
- 1 quart scalded milk
- 1 40-ounce package frozen peas
- 2 quarts medium white sauce

Combine salmon, bread crumbs, celery, butter, seasonings. Beat up

Lynn Says:

Laundering Tips: With soap one of our prime, do not waste items, you will want to make the most of every scrap of soap you have. Save the small soap scraps from the bathrooms and kitchen, put them in a soap shaker so you will make use of them in washing dishes.

To have clean clothes even in spite of economical soap usage use your washing machine wisely. Use only just so much water in your machine as the water line indicates and do not overload your machine. Six to eight pounds of dry clothes are about right for the average washing machine.

Mix the soap thoroughly with the water before putting in the clothes. About two inches of soap suds are necessary to do the job up right.

Water temperatures play an important part in laundering. Do not use very hot water for white clothes. For colored clothes, water comfortable to your hand is best. For synthetic silks, wools, rayons, water should be lukewarm.

eggs, add scalded milk. Add to salmon mixture. Make one or two salmon loaves. Bake in a greased pan placed in hot water at 325 degrees until loaves are firm. Make a green pea sauce by cooking frozen peas for 5 to 8 minutes in boiling salted water. Combine with white sauce. Pour over loaf when serving and slice the loaf.

Whisk any of these baked bean combinations into the oven and you have a quickie dinner dish if you have just hurried home from your defense training courses:

- Pork Chops and Baked Beans
- Casserole. (Serves 6)
- 6 pork chops
- 1 large can baked beans
- 1 teaspoon sugar
- 1/2 cup tomato catsup

Fry pork chops until nicely browned on both sides. Pour baked beans over chops, add sugar and catsup. Bake in a moderate oven (350 degrees) for 20 minutes. Nothing equals the charm of home-baked, freshly baked bread that fills the surroundings with a delicious fragrance. That's why I give you this recipe for old-fashioned:

*Raisin Bread. (Makes 2 loaves)

- 1 package fresh granular yeast
- 1 cup lukewarm water
- 1/2 teaspoon sugar
- 1 cup scalded milk
- 2 teaspoons salt
- 1/2 cup brown sugar (solidly packed)
- 1/2 cup corn syrup
- 5 1/2 to 6 cups (or more) flour
- 6 tablespoons melted shortening
- 1 1/2 cups seedless raisins

Pour the granular yeast into the cup of lukewarm water, add the half teaspoon sugar, stir and let stand about 5 minutes. Put the scalded milk, salt, sugar and corn syrup into mixing bowl. Let cool. When milk is lukewarm, add the softened yeast and 3 cups of flour. Mix well, then beat until smooth. Next add the melted (not hot) shortening and enough flour to have the dough cling together in a ball. Add the raisins which have been covered for a few minutes with very hot water, then dried in a cloth, and dusted with flour. Knead the dough thoroughly, adding only enough flour to avoid stickiness. Let dough rise in a covered, greased bowl in a moderately warm place (62 to 84 degrees) until doubled. Fold the dough down and let rise about 1/2 hour, then divide and shape into two loaves. Place in greased bread pans and brush tops with melted shortening. Let rise until doubled. Bake about 50 minutes in a moderately hot oven (375 to 380 degrees). If desired, brush tops with honey just before taking from the oven.

For an in-the-season, centerpiece note, besides its economical aspects, try this: A long, low, shallow bowl in pottery or glass such as you may have used for relishes, if large enough, use a snow-white cauliflower or banked with parsley, eggplant, radishes or tomatoes.

If you like candles for the table, place these in little baking cuts or ramekins, at either side of the vegetable bowl.

A simple setting like this calls for gay, undecorated china and soft or bright plaids in tablecloth and napkins.

LAKE VILLA

Lake Villa Community Church
Methodist—W. A. MacArthur, Pastor
Sunday School—10 A. M.
Worship Service—11 A. M.

The next in the series of informal Friday evening socials at the church will be on Friday evening, April 24, at 6:30, when pot luck supper will be served and more of the former history of the church will be presented. Rev. Mauney, pastor here in 1923-24, now of Des Plaines, will be speaker of the evening. You are welcome.

The District Superintendent, Dr. George Fowler, will be here on May 3 for the last quarterly conference of the year when all reports will be given. Conference meets much earlier this year, giving a nine months year this time.

Lyell Dibble, who has been taking a special course in mechanics at Wichita, Kansas, spent a few days recently with his mother, Mrs. Hazel Dibble, and is now employed by the Fausch corporation.

Joe Hucker, Jr., our former postmaster, is now stationed at Las Vegas, Nevada, and is taking special training. Mrs. Anna Madsen is assistant postmistress in place of Mrs. Russell Nickerson, who assisted during the first week of Mr. Hucker's absence.

Private Jack Rhodes is enjoying a fifteen day furlough with his mother and family here before going into active service.

School election last Saturday evening was very quiet and B. J. Hooper succeeded himself for three years. Kaurin Karolus was defeated by a small margin.

The Ladies Aid society will sponsor the annual Mother-Daughter banquet at the church on Thursday evening, May 7, and it promises to be an outstanding event.

Mrs. Anna Nader and her daughters, Mrs. Leonard Schneider, and Mrs. Leonard Armstrong, attended a party in honor of her daughter, Mrs. William Schneider, at Libertyville, on Tuesday afternoon.

Charles Snyder who lives in California, spent a few days recently with his son-in-law, Carl Seeger and wife, at the Willett estate.

A card and bused party will be given at the Oakland school on Friday evening, April 17, by the Victory club of Deep and Crooked Lakes for war relief.

Prizes will be given and refreshments served.

Mrs. Fred Hamlin was confined to her home by illness all last week, but is much improved.

Mrs. Gordon Blumenschein and baby daughter returned home from the hospital last Friday evening.

Mrs. John Effinger, who has spent six weeks in the hospital, was able to return to her home Saturday and is recovering nicely from her recent illness.

Mrs. Peter Mork has gone to Arlington Heights to live with her daughter, Mrs. Carlson, and the upper flat which she occupied, has been rented by Mr. and Mrs. Arthur Sams, nee Genevieve Daube, who have already moved in.

William Hucker is enlarging his garage on the south side of Cedar avenue. Mr. and Mrs. Joe Eberler, Mr. and Mrs. Anderson, Mr. and Mrs. Miller, all of Chicago, spent Sunday with their sister, Mrs. Carl Reinhardt.

Mrs. Josephine Miller and friends of Chicago were guests of Mr. and Mrs. Gunnerson last Sunday. Mrs. Miller has just returned from Florida where she spent the greater part of the winter.

1. Instruction sheets. Practically every electric appliance is accompanied by an instruction sheet or tag, printed by the manufacturer. Don't throw it away—read it carefully. Suggestion: attach a small bulletin board to your kitchen wall, and pin up all instruction sheets on it.

2. Cleaning. Electric motors wear better if they are kept clean. Wipe dust and grit off the exposed parts of your appliance motors with a soft, dry cloth.

3. Keeping dry. Never allow irons, toasters, space heaters, waffle irons, or other appliances with heating elements to get wet. They may be damaged by water. Clean with dry cloth.

4. Lubrication. Electric motors should be lubricated every six months. Use six drops of light oil in each oil hole (less for small appliance motors). If motor has grease cups, use light grease, or vaseline thinned with light oil.

5. Never put off a repair! If you think an appliance may need adjustment or repair, call a service man at once. A skillful twist of his wrench may prevent a costly overhauling later.

5 ways

to make your electric appliances last longer

Now that all of us are trying to get the most out of the things we own, it is wise to remember that the electric aids in our homes were built to last. If we don't mistreat them, if we give them a reasonable amount of care, they will respond by continuing to perform their time-saving tasks through the uncertain period ahead.

Here are five simple ways to make electric appliances last longer. Tear this out of your paper—let the whole family study it—save it for reference. Faithfully carry out these five suggestions in your home, and be confident that you are adding months and years to the lives of your electric servants.

Long Expected Defeat on Bataan Cited as Heaviest Single Reverse; Labor Leaders Present Solid Front To Keep Production at High Peak

(EDITOR'S NOTE:—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
(Released by Western Newspaper Union.)

Chiefs of the A.F.L. and C.I.O., appearing together on a public platform for the first time since the split in labor's ranks in 1936. William Green, left, president of the A.F.L., and Philip Murray, president of the C.I.O., are shown shaking hands, symbolizing the national labor unity which they hope to create. Paul V. McNutt, federal security administrator, looks on.

BATAAN: The Curtain Falls

When the gallant stand of American and Philippine forces came to an end on Bataan, the nation recorded the heaviest reversal ever suffered by an American force in a single engagement with a foreign foe.

News of the fall of Bataan was made blacker still when Secretary of War Stimson disclosed that 36,583 valiant defenders, exhausted by short rations, disease and lack of relief, were overwhelmed by a numerically superior enemy. The closing chapter of the Bataan battle found the defenders lacking in air power, and completely battered by ever-increasing waves of fresh, well-equipped enemy troops and planes. Stimson declined to estimate the number of Jap troops employed in the final drive against Lieut. Gen. Wainwright's men. It had been estimated that approximately 220,000 Japs were used in the Philippine campaign.

The story of the last-ditch stand on Luzon island is one of the most heroic in history.

On December 7, Jap bombers first struck at Luzon. Air assaults were followed in the first few weeks by Jap troop landings at five locations in the Islands. Pushing on Manila from north and south, they drove the greatly outnumbered defenders back, bombing Manila after it had been declared an open city. The Japs entered Cavite naval base and Manila on January 2. American and Philippine troops withdrew toward Bataan, beginning their history-making stand. Ten days later the Japanese launched a heavy frontal attack on the Bataan defenders, but were repulsed. For weeks the battle surged back and forth.

Early in March Lieut. Gen. Masaharu Homma, the Japanese commander, committed suicide as a result of his failure to crush MacArthur. He was succeeded by Lieut. Gen. Tomoyuki Yamashita. A few days later MacArthur was ordered to Australia and was replaced by Wainwright.

March was comparatively quiet, and attacks on March 28 and April 2 were repulsed. On April 4, the Japs began the all-out drive.

Although it was a stunning defeat, one military correspondent declared that the defense of Bataan has meant "prodigious butchery in Japanese lives," severe air and naval losses to the Japs. It also retarded the advance to Australia until that commonwealth was able to better equip itself for war.

BURMA: No Side-Issue

More and more observers were inclined to believe the Burmese campaign of the Japanese to be a major one, and not just a side-issue with Australia the main target.

Whether it was resistance of American airmen and navy men, or whether it was the heavy rainfall, things had been much quieter off Australia, while picking up speed in the more western-Pacific areas.

The British had been forced to back-pedal again in Burma, drawing ever closer to their Chinese allies under American General Stilwell in the north. That they were leaving important territory was revealed by the prospect that they had destroyed oil and cement properties before withdrawing.

The British troops were described as being outnumbered 3 to 1 on the ground and 10 to 1 in the air.

The evacuation of Rangoon, followed by the British withdrawal up the Irrawaddy river were believed to have cleared the way for a drive by the Japs toward Akyab and Calcutta, along the eastern shore of the Bay of Bengal.

Few believed the Japanese had the manpower to attempt a real invasion of India, but certain it was that they were heading that way more powerfully than they were moving into Australia.

LABOR: United Front

The A.F.L. and C.I.O. leaders, for the first time since 1936, had gotten together on the same platform at Pittsburgh, had pledged themselves to an unselfish and complete war effort, and to produce all the things America needed for victory.

This united front was presented at the time when labor was on the spot because of the effort in the congress to force the administration to abandon the 40-hour week.

President Roosevelt had considerably clarified the issue when he came out with a new plan, which let the hat sit on its proper spot. To prevent the proposed 48-hour week from being used as a wage-cutting plan, he asked labor to consider a freezing of wages at present levels of the basis of a 40-hour week (which would give workers their overtime for the duration) but to withdraw their demands for double time for Sundays and holidays.

One of the C.I.O. groups, the United Automobile Workers, at the same moment had foregone the extra pay except when these days constitute a sixth or seventh working day, which was a partial meeting of the President's idea.

The congress, it was thought, might be willing to go along with this plan, and certainly labor would have no objection, particularly if it carried what Mr. Roosevelt hinted it would, a formal recognition of the 40-hour principle.

The President's plan was to have labor recognize the need of 40 hours of work, to have all workers carry on for 40 hours at regular pay, permit labor to work one more day at time and a half, but not to permit the seventh day under any circumstances.

William Green, labor leader of the A.F.L., said labor was in accord with this plan.

RUSSIANS: Air Victories

Claiming more than 400 German planes shot down on the east front in the period of a little more than a week, the Russians had given figures indicating that the Nazi spring drive in the air was well under way, but that the British and American planes, added to the Russians' own, were taking a terrific toll.

The British R.A.F. had been co-operating on the other side of the front by bombing German supply industries, and at the same time had estimated that their bombing attacks, carried out by from 300 to 400 big planes at a time, had destroyed the supplies for five divisions.

The Russians, despite the setting in of the spring thaw, which had immobilized both sides to a greater or less degree, were still on the offensive, with Berlin admitting now and then that the Russians had broken through at several points.

The Red air force's biggest bag of planes had run to more than 100 on a single day—in fact on two days they had claimed 221.

Some of the heaviest aerial activity had been over the port of Morskansk, on one day 200 planes of the Russians and the Germans having engaged in dogfights over the harbor, while below them American and British supplies were being unloaded.

NEW DEAL:

The New Deal, despite some opposition here and there, notably in the fields of taxation, profits and labor, was winning victories.

Particularly sweet to the White House was the result of the fight over a senate effort to set a schedule for profits on war contracts.

Many holders of contracts were returning some excess profits, and arrangements had been made to tax them out of most of such money, whether paid to employees as bonuses or not.

INDIA: Indecision

Precedes Action

Continuing a "maybe we'll do it and maybe we won't" attitude, India had kept Sir Stafford Cripps and his associates in Churchill's mission on the anxious sent before they finally evinced a willingness to accept the projected plan for national government for India.

At the same time the powerful Pandit Nehru, past president of the All-India congress, had temporized once more with the announcement that India would resist invasion by the Japanese, "or by any other invader."

The chronology of the whole affair showed its heavy and bitter complexity. Britain, prior to the war, had offered India dominion status, then had renewed this offer during the early days of warfare, and when Sir Stafford Cripps was sent there the offer had remained the same.

The finally presented plan called for Gen. Sir Archibald P. Wavell to be supreme commander for conduct of the war under an Indian war cabinet, whose defense minister would be an Indian. Nehru had been scheduled to take the defense portfolio.

The sole point which had kept negotiations alive had been the Indians' admission that with the enemy at their gates, it was a bad time to be quarrelling with Mother England, a potentially powerful partner in the defense of India.

Mohammed Ali Jinnah, leader of 70,000,000 Moslems, complicated the issue by contending that his people were ready to fight if Britain would give them a separate freedom.

That tangled the whole issue, for Nehru, when Britain said the post-war freedom would be coupled with a provision for certain autonomous states, hotly and angrily declared: "India has been united in slavery, and we'll be united in freedom."

OIL:

By Inland Route

It had seemed that perhaps the famous yachts' paradise, the inland waterway from Philadelphia to Florida, might become one of the main eastern arteries of trade.

Cartoonists showed small boats sailing up and down inside a strip of protective land while the U-boat skippers gnashed their teeth outside, unable to get at them.

Joseph Eastman, head of the defense transportation, said he had un-

JOSEPH EASTMAN

der consideration a plan to hurl a fleet of dredges into that part of the waterway between Jacksonville and southern points, to increase its depth from 6 to 11 feet.

The 11-foot depth exists all the way from Jacksonville north. President Roosevelt said there are plenty of small shipyards which could build wooden barges at a fast rate to provide more bottoms for the sugar, gasoline and oil trade up and down the eastern coast.

They have under consideration just such a plan, he said.

SALES TAX:

Now Opposed

President Roosevelt had revealed that even though the treasury wants to raise seven and a half billions by various income and excise levies, he, personally, is opposed to the sales tax.

In this stand he had been joined by union labor throughout the country, the workers believing the sales tax unfair, as it would fall most heavily on the very poor, and in a lesser degree in proportion to income on upward along the scale of living ladder.

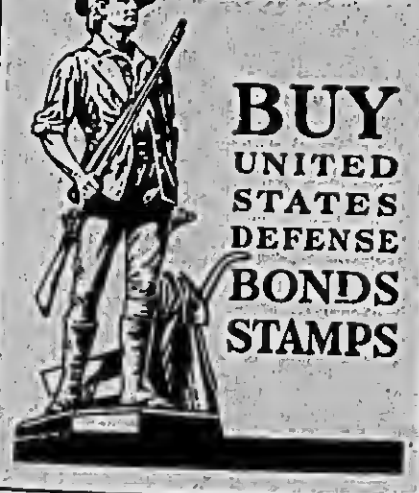

Many congressmen, however, were reporting that mail from their constituents showed a growing favorable reaction to the general sales tax on account of its huge potential yield, and its more or less "painless" character, in that it would be paid by the people a few cents here and a few dollars there—without the annual shattering blow of an income levy.

MISCELLANY:

Washington: The War Production board has cut gasoline deliveries to filling stations in the East and West coast until current amounts from 80 per cent to 90 per cent of the amounts received previously.

New York: President Roosevelt's navy lieutenant son, Franklin Junior, had been down with a severe case of bronchitis at a naval hospital.
